Subject: So Cal Ocean Disposal Sites

Hi Nancy, Walker and Jeff,

Just a couple of quick updates.

Ex. 5 Deliberative Process (DP)

We are pushing back the next meeting of the senior leaders group to June 24th.

Ex. 5 Deliberative Process (DP)

We are working on an information request letter to the LA RWQCB and hope to finalize that in the next two weeks.

Lastly, John Chesnutt and I will be speaking to Dr. Valentine on Monday – will let you all know how that goes.

I will be out next week (first vacation in a year). I will not have my computer but will have my iPhone and will check that once or twice a day.

Enrique and I would like to schedule a call with you during the week of June 14th. Primarily, we want to discuss approaches to managing, staffing and funding a next survey of Disposal Site #2. We are somewhat confused about what Scripps may be planning and the goals of that work. I recall Kathleen R. saying that there was a survey of Disposal Site #1 planned this summer. Mark Gold thinks that it's a survey of Site #2.

Let me know if you have any questions on the update above.
